PROFESSIONAL SUMMARY

Results-driven **Full Stack Developer** with hands-on experience in architecting scalable web applications using Python, Django, and React.js. Proven ability to build RESTful APIs, manage databases, and deploy responsive UIs. Passionate about writing clean, maintainable code and optimizing application performance. Accelerated code development by effectively using AI coding assistants such as Gemini, GitHub Copilot, and ChatGPT.

TECHNICAL SKILLS:

- **Languages:** Python, JavaScript (ES6+), SQL, HTML5, CSS3
- **Frameworks & Libraries:** Django, Django REST Framework (DRF), React.js, Redux, Flask, Bootstrap, Tailwind CSS
- **Databases:** MySQL, SQLite
- **Tools & Platforms:** Git/GitHub, Docker, Postman, VS Code
- **Concepts:** RESTful API Design, MVT Architecture, Authentication (JWT)

Experience:

Software Developer (Vetri IT Systems - Surandai, India April 2026 – Present)

Software Developer Intern(Vetri IT Systems - Surandai, India Feb 2026 – March 2026)

CERTIFICATIONS:

Python Full Stack Developer Trainee

Vetri Technology Solutions - Surandai, India Jan 2025 – Oct 2025

PROJECTS:

1. Vetri Technology Solutions ([Online IT Courses with Placement | Vetri](#))

Tech Stack: Django, Python, MySQL, Tailwind CSS, HTML, JavaScript

- Developed a web platform for an IT teaching institute, showcasing courses and enabling seamless student enrollment.
- Designed a responsive UI with Tailwind CSS for smooth navigation and interactive course browsing.
- Built Django models, views, and templates to manage courses, student registrations, and progress tracking efficiently.
- Implemented an admin dashboard to monitor enrollments, course content, and payment history, streamlining administrative tasks.

2.Consultancy Service

Tech Stack: Django, Python, MySQL, Tailwind CSS, HTML, JavaScript, Rayzorpay

- Developed a full-featured job consultancy platform supporting three user tiers: Free, Pro, and Pro Plus, each with different access levels and subscription management.
- Built a responsive frontend using Tailwind CSS and Django templates for a seamless user experience across devices.
- Integrated Razorpay payment gateway for secure handling of Pro and Pro Plus subscriptions.
- Implemented Django admin dashboard to monitor user subscriptions, view payment histories, and manage job listings efficiently.
- Designed models, views, and templates to handle job postings, applications, and user profile management, ensuring clean separation of concerns and maintainability.

3.Full-Stack E-Commerce Platform (Pet Supply Store)

Tech Stack: React.js, Django, Python, REST API, Tailwind CSS

- Architected a comprehensive e-commerce solution featuring product catalogs, shopping carts, and secure user authentication (JWT).
- Designed a dynamic React frontend with state management to provide a seamless, single-page application (SPA) experience.
- Integrated secure payment gateway logic and optimized API endpoints for efficient data retrieval.

EDUCATION

Bachelor of Engineering (B.E) - Biomedical Engineering

Udaya School of Engineering, Kanyakumari Graduated: 2018 | CGPA: 6.5/10
